Geography	Sustainability
Geophysics	Theology and Religious Studies
German	Tongan*
Global Management and Innovation ▲	Translation Studies
Global Studies	Urban Planning
Greek	Wine Science
Health Psychology ▲	Youth Work

“

“Studying abroad has widened my perspective. Back in Arizona, everyone is generally from the same background. Here, I have already met so many people from all over the globe!

“When I was deciding where to study, the classes at the University of Auckland were what sold me! There were two classes I was super interested in, in Sociology and Sports Media. They were why I came here.

“Being from a big university, in a big city, in a big state, in a big country, it's hard to stop and enjoy the little things. This was my first time leaving the country, and I don't know why I ever put it off, it's so easy!”

Bailey Defoor

Study Abroad student from
Arizona State University, USA

1. QS World University Rankings by Subject 2026.

2. Only available to undergraduate students coming through special arrangements with our School of Nursing.
